SUMMARY

Software Development Intern aspirant with strong foundations in full-stack web development, React.js, JavaScript, and backend development using Node.js. Experienced in building AI-powered web applications, integrating RESTful APIs, and applying data structures and algorithms to develop efficient, real-world solutions. Demonstrates a strong understanding of modern software engineering practices, problem-solving, and scalable application design. Passionate about writing clean, maintainable code, collaborating in team environments, and continuously learning emerging technologies to build impactful software solutions.

EDUCATIONAL DETAILS

MCA (Masters of Computer Applications) JSS University 📍	08/2026 – Present Sector 62, Noida
BCA (Bachelor of Computer Application) SRM University Delhi-NCR CGPA: 8.41/10	2023 – 2026 Delhi-NCR
Post Metric (Non-medical field) Little Flower School Gorakhpur CGPA: 7.58/10	2022 – 2023 Gorakhpur
Metric (10th standard) Little Flower School Gorakhpur CGPA: 9.16/10	2020 – 2021 Gorakhpur

SKILLS

Technical Skills

- Programming Languages: Python, Java, C, JavaScript, TypeScript, R, Kotlin
- Web Technologies: React.js, Next.js, HTML5, CSS3, Backend fundamentals (Node.js concepts), RESTful API integration, Client-server architecture

Soft Skills

- Teamwork
- Leadership
- Time Management
- Effective Communication

Analytical Skills

- Arrays, Linked Lists, Stacks, Queues, Trees, Hashing, Sorting & Searching, Implemented using Java and C
- AI-powered application development, Basic Machine Learning concepts: classification, recommendation systems, Deep learning exposure via API-based model integration

LANGUAGES

- English
- Hindi
- German

CONFERENCE & WORKSHOP

Verge – Technical fest SRM University Delhi-NCR	2025 Delhi-NCR
Web Development Workshop SRM University Delhi-NCR	2025 Delhi-NCR
Python Workshop SRM University Delhi-NCR	2024 Delhi-NCR

API Workshop SRM University Delhi-NCR	2023 Delhi-NCR
UI/UX Workshop SRM University Delhi-NCR	2023 Delhi-NCR

ACCOMPLISHMENT

Web Development Workshop Mentor SRM University	2025
Prompt Engineering & Generative AI DevTown	2025
Android Development Workshop Mentor SRM University Delhi-NCR	2025
Founding and Core member of TechSpace Community SRM University Delhi-NCR	2025
DSA Using Java Workshop Mentor SRM University Delhi-NCR	2025
SRM Builds 5.0 Hackathon Winner SRM University	2024
Summer Training Program Web Development Mentor SRM University	2024

ACADEMIC PROJECTS

Roadmap Generating Website Developed a responsive AI-integrated website that takes a topic name from the user and generates a roadmap for the same, providing online notes and YouTube video sources, using OpenRouter API.
Handwritten Text Generating Website Developed a responsive AI-integrated website that converts the given text into handwritten format, by changing the font, using OpenRouter API.
Image Sketch Converting Website Developed a responsive AI-integrated website that converts any uploaded image into its sketch form, using OpenRouter API.
Jarvis Developed an AI-integrated Voice Assistant that works on the commands given by the user, solely on Python, integrated with Gemini 2.5 Flash AI API.
StoryMate Developed an AI-integrated text-based dynamic story simulator, providing multiple genres, gives two options on each level of the story, and designs the flow of the story, based on the users' choices, using OpenRouter API.
Auto-replying Chatbot Developed an AI-integrated text assistant chatbot, that reads the last few sent and received messages, and replies to the received message, completely like a human, or the user to be precise.
